*Allowable Subject Matter*

1. Claims 27 and 29 are allowed. The claims will be renumbered as 1-2.

The following is an examiner's statement of reasons for allowance: The following is an examiner's statement of reasons for allowance: the closest prior art of Yoneyama does not teach or fairly suggest, among other things, an outline setup step of setting a closed outline in a predetermined shape which encloses the object to be extracted, and an outline renewal step of renewing the predetermined shape of the closed outline by a predetermined method, wherein said outline renewal step further comprises: a renewal interval setup step of designating a renewal interval on the outline or a non-renewal interval setup step of designating a non-renewal interval on the outline; and an outline part renewal step of renewing the shape of said outline at said renewal interval using a predetermined method. It is for this reason and in combination with all of the other elements of the claims that claim 27 and 29 are allowable over the closest prior art of Yoneyama.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
